PRODUCT PROPERTIES	 <p>BEAUTIFUL, DURABLE & BREATHABLE</p> <ol style="list-style-type: none"> Anti-Microbial shield^{plus} Protection - Permanently inhibits the broadest spectrum of microbes (even C diff spore) and prevents nasty odours. Stain Resistant - A C6 fluorocarbon technology combines effectiveness with environmental consideration. Fabric - Comfortable but durable to suit the most extreme environments. Waterproof film - Repelling 2 metres when tested to BS3424 hydrostatic head test (the standard is a metre). Flame Retardant - To cigarette, match, crib 5 and virtually all international standards.
RECOMMENDED CLEANING	<ul style="list-style-type: none"> ✓ Vacuum or wipe clean routinely with a microfibre cloth lightly dampened with cold water only. ✓ Soak up spillages as soon as possible with an absorbent dry cloth to prevent staining. Clean with a microfibre cloth, lightly dampened with cold water. ✓ If soiling has been allowed to build up use a mild water based proprietary cleaner. Take care to remove any product residues as these hinder the fabric's performance. ✓ Remove body fluids and extreme soiling immediately (within 15 minutes) with cold water. Apply your approved infection control protocol, a 10,000ppm sodium chlorite bleach solution, Haz-Tabs or Chlor-Clean. Remove product residues and then dry with a clean absorbent cloth. ✗ Do not dry clean, tumble dry or fully immerse the fabric in water. ✗ Do not apply solvent based cleaners or any other chemicals to the fabric. <p>Note steam cleaning disinfects but the application of heat may fix staining substances and may result in permanent marks.</p> <p>Note dyes and pigments from indigo jeans, ball point and felt tip pens may permanently stain.</p>
CONTINUITY	Although every effort is made to ensure that fabrics ordered match the colours in this pattern card, slight variations may occur from batch to batch.
