

The image features several vertical strips of faux leather in various colors: a dark brown strip on the left, a purple strip, a yellow strip, and a red strip on the right. The strips are layered and slightly offset, creating a sense of depth. The background is a dark, textured surface.

Pamaz®

Aston

Design Classic Faux Leather
The perfect shade for every need

Market leading Aston faux leather

100 colourways combined with the exceptional performance of ShieldPlus™ antimicrobial and Acryltron™ protective finish, affording greater resilience to wear, cleaning and staining.

ShieldPlus™ antimicrobial protection

Permanently inhibits the broadest spectrum of microbes (even C diff spore) and prevents odours.

Acryltron™ protective finish

Super stain resistance and protective coating affording exceptional chemical resistance to cleaning products.

Technologically sophisticated but easy to clean

1 million Martindale rubs

Durable and exceptional 1 million Martindale rubs.

Environmental compliant

REACH compliant, Phthalate Free, Latex Free, Heavy Metal Free and Vegan friendly.

Images feature: *Chair Above:* 669 Seashell
Opposite Top to bottom: 669 Seashell, 989 Fossil Grey, 196 Heritage Blue

IMO certified and fully waterproof makes Aston ideal for all marine environments.

Care Instructions

- Wipe clean routinely with a microfibre cloth lightly dampened with cold water only and then dry with a clean absorbent cloth
- Soak up spillages as soon as possible with an absorbent dry cloth to prevent staining.
- If soiling has accumulated use a mild proprietary cleaner (non-alkaline). Take care to remove all soap residues and dry with a clean absorbent cloth.
- Remove body fluids and extreme soiling immediately (within 15 minutes) with cold water then apply approved infection control protocol. Haz-Tabs, Chlor Clean, Acti-Chlor, Clinnell Universal Wipes and Panaz Shield Plus. As the concentration of bleach can vary greatly among proprietary brands we recommend these be avoided but in extreme circumstances, a 10% chlorine bleach solution may be used. Remove product residues and then dry with clean absorbent cloth.
- Do not fully immerse in water.
- Do not tumble dry.
- Do not dry clean.
- Do not steam clean - heat seals in stains.
- Do not apply solvents, alcohol or any other chemical cleaners.
- Note dyes and pigments from indigo jeans, ball point and felt tip pens may permanently stain.

- 1 Antimicrobial ShieldPlus™ Protection permanently inhibits the broadest spectrum of microbes (even C diff spore) and prevents nasty odours.
- 2 Acryltron™ affording exceptional, improved resistance to cleaning chemicals.
- 3 Polyurethane coating - For durability and stain resistance.
- 4 PVC Core - For core strength and durability.
- 5 Substrate - High performance substrate providing a solid foundation.
